Care of Older Adults

** Lunch will be provided*

Join us for Part III of our 2012 provider training series. The country's population is aging, and so are your patients. In Part III, our final training in the Health Education/Cultural Linguistics presentation series, local experts will provide an introduction to the concepts of managed care, as well as discuss how the aging population impacts your practice, provide strategies to prepare for and treat older adults and share information on the benefits of managed care for this growing population.
